

## PACIFIQUE ART WORK

My name is Pacifique Nsabumukiza. I am a young Burundian artist fascinated by design. I spend most of my time drawing. Drawing allows me to express my thoughts to the outside world, so I spent most of my time doing it. It helps me describe myself. Because drawing allows me to decompress when something bothers me. Drawing inspires me to be more inventive, self-sufficient, and creative. Drawing gives me a lot of pleasure. Drawing delights and uplifts me; it provides me with a sense of relaxation, creativity, and inspiration since it helps me to explore different objects or natures, reflect on previous or prior circumstances, and express my sentiments or emotions.

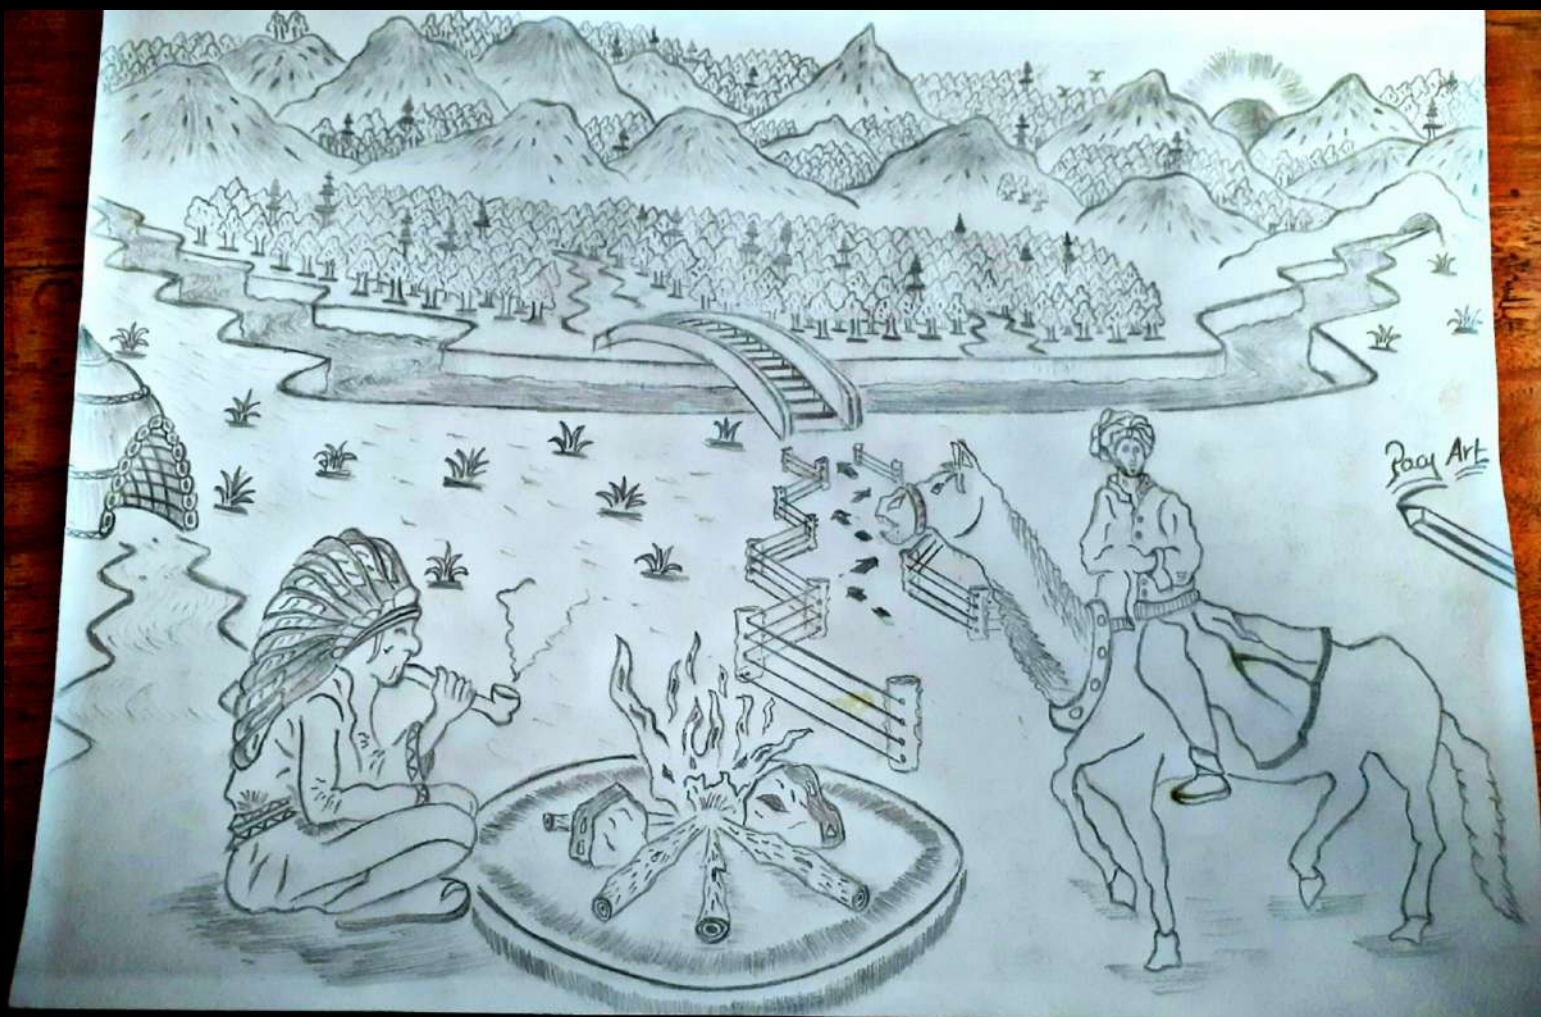

I am very delighted to share with you my three favorite drawings that I have done recently. In all these drawings, I have used these two instruments:

1. A pencil ( HB 2)
2. A paper (A4)
